

village atmosphere

If the Caribbean is paradise, Punta Cana is 75 acres of the best that paradise has to offer. This all-suite village was built with families in mind, from our circus school to our family-friendly activities. Kids will find fresh adventures and new friends everyday at our award-winning Children's Club. There's a dedicated pool just for kids, and hours of exciting activities for all ages. If your clients

can dream it they can do it here. For grownups, our ATP/Club Med Tennis Camp is the perfect place to work on their backhand, or they can float in a pool as big as their imagination. Of course it's all only a few sandy footprints away from the blue waters of the Caribbean, where a day of snorkeling, windsurfing or sailing is waiting.
