

club med skiing and snowboarding

club med ski programs:

7-night package includes: 7-day ski pass* + up to 6 full-day ski lessons
May vary by destination. Call 1-800 CLUB MED or visit clubmed.com to confirm. Unless stated otherwise, for all villages with a Saturday arrival day, the first ski lessons begin on Sunday. For all villages with a Sunday main arrival, the first day of ski lessons begin on Monday. For stays of less than 7 days or for stays of 7 days commencing mid-week, please inquire for further information.

ski/snowboarding lessons:

Your instructors: Club Med instructors are skilled and enthusiastic teachers who will share with guests their passion for the mountains and winter sports. During your client's stay, instructors will show them some of the most beautiful ski runs in the area while improving their ski and snowboard skills.

Your level: Club Med ski school offers various downhill ski and snowboard levels, from beginner up to competition level.

Your group: A Club Med ski group typically consists of about 12 people, organized according to the skill level of each participant.

The golden rules: We highly recommend that a guest attends the first day's ski class. This will allow the instructors to make sure the ski group best suits the guest's abilities and requirements. For beginners, this is especially important as they will learn the necessary basics to progress throughout the week. In order to make maximum progress, we ask for guests to remain in the same ski group of their chosen level throughout their stay.

In the European villages, beginner lessons are available only to those staying for 7 days or more – and therefore skiing over a 6-day period. In Crested Butte, the ski school is closed on Wednesday. Snowboards, monoskis and snowblades are not allowed in downhill ski classes.

Ski Slopes:	Beginner	-	Green
	Intermediate	-	Blue
	Advanced	-	Black
	Expert	-	Double Black
